For every booking, the underlying PDF shows

- Guest's full name (as per passport)
- Property name + full street address (street, postcode, city, country)
- Exact check-in and check-out dates and times
- Booking / confirmation number
- Total amount paid (or "paid" / "scheduled" status)
- Cancellation policy
- Host or property-management contact (email + phone)
- Reservation issued from the platform (Airbnb / Booking.com / sponsor letterhead) — not a hand-typed PDF

Accommodation cost breakdown — per applicant

Sponsor pays (eduneon GmbH)

ITEM	AMOUNT
Berlin · 5 nights × EUR [hotel rate, sponsor-set]	EUR [700–1,500 estimated total]
Sponsor accommodation subtotal	EUR [700–1,500] — paid directly by sponsor

You pay (per applicant)

ITEM	COST PER APPLICANT
Rome — 2 nights × EUR 100 ÷ 3 pax	EUR 67
Lake Como — 1 night × EUR 110 ÷ 3	EUR 37
Lucerne — 1 night × EUR 160 ÷ 3	EUR 53
Bern — 1 night × EUR 160 ÷ 3	EUR 53
Lauterach — 1 night × EUR 105 ÷ 3	EUR 35
Salzburg — 2 nights × EUR 80 ÷ 3	EUR 53
Vienna — 2 nights × EUR 95 ÷ 3	EUR 63
Prague — 2 nights × EUR 65 ÷ 3	EUR 43
Alkmaar — 2 nights × EUR 105 ÷ 3	EUR 70
Subtotal — your accommodation share	EUR 474
Overnight bus — FlixBus Berlin → Amsterdam (EUR 143 ÷ 3)	EUR 48
Grand total accommodation — per applicant	EUR 522

The figures above use a **3-pax full-flat split** since the bookings are for the trio. If the sponsor reimburses any non-Berlin stay, deduct accordingly. The headline whole-trip cost in Document 5 uses the same numbers.

What is still pending (must finalise before submission)

- ☐ **Salzburg accommodation** (2 nights, 22–24 Jun 2026) — booking pending
- ☐ **Berlin accommodation** (5 nights, 28 Jun – 3 Jul 2026) — sponsor to confirm exact address and forward written confirmation
- ☐ Airbnb codes for Rome, Lucerne, Alkmaar — fill in the actual confirmation numbers from each booking PDF

Address-formatting standard used throughout

European postal format, one line per element:

```
[Property name (if any)]
[Street] [Number]
[Postcode] [City]
[Country]
```

Example — Berlin (template):

```
[Property name]
[Strasse] [Nr.]
[10XXX] Berlin
