

SCHENGEN SHORT-STAY VISA (TYPE C) — DOCUMENTATION PACKAGE

Master reference · full 15-section guide

Embassy of the Federal Republic of Germany | Kathmandu (via VFS Global)

Applicant: [FULL NAME – AS PER PASSPORT] **Passport No.:** [XXXXXXXX] **Trip dates:** 16 June 2026 – 7 July 2026 (21 days / 20 nights)
Visa category: Short-stay (C) — Tourism + Business, multiple-country itinerary **Country of longest stay:** Federal Republic of Germany (Berlin, 5 nights) **First Schengen entry:** Rome, Italy (FCO) | **Final Schengen exit:** Amsterdam, Netherlands (AMS) **Sponsor:** [SPONSOR COMPANY NAME] GmbH, Berlin, Germany — *partial sponsorship: flights + 5 business nights in Berlin only*

Why apply to Germany? Per Article 5 of the Schengen Visa Code, the application must be lodged with the consulate of the **Member State of main destination** (longest cumulative stay). Berlin = 5 nights is the single longest stay on this itinerary. Germany is therefore the correct jurisdiction, *not* Italy (first entry) or any other state.

1.2 Mandatory embassy forms

- **VIDEX online application** — fill at <https://videx.diplo.de>, print, sign on each page.
- **Declaration on True and Complete Information** (§54 AufenthG) — printed from VFS portal, signed.
- **Consent for data processing** — VFS form, signed.

1.3 Optional but strongly recommended

- One-page **trip budget table** (Section 7.6) — pre-empts the "how will you fund this?" question.
- **Map of itinerary** (printed from the site) with stops highlighted.
- **Currency / foreign exchange endorsement** (if you have a stamped FX endorsement from Nepal Rastra Bank).
- **Credit card statement** showing available limit (3 months).

- **Vehicle registration (Bluebook)** if you own a vehicle — return-intent supplement.
- **Marriage certificate + spouse's employment letter** if spouse stays in Nepal.

1.4 Required photocopies — quick count

- Passport bio page: **2 copies**
- All other items above marked "1×": **1 copy each**
- Sponsor invitation: **1 copy** (original is the courier'd version)
- Insurance: **1 copy** (keep original on you when travelling)

Rule of thumb: Submit originals; the embassy keeps copies. Carry a third **personal travel set** of all photocopies to take with you on the trip — kept separately from your passport, this is your fallback if anything is lost in Europe.

2. COVER LETTER TEMPLATE

One page. A4. Times New Roman / Arial 11pt. 1.15 line spacing. Signed in blue ink. **No emojis. No coloured text. No marketing language.**

Subject: Application for a Short-Stay Schengen Visa (Type C) –
Combined business and tourism travel, 16 June – 6 July 2026

Respected Visa Officer,

I am writing to formally apply for a short-stay Schengen visa (Type C) for the purpose of (i) attending business meetings and on-site activities at the offices of [SPONSOR COMPANY NAME] GmbH in Berlin, Germany, from 28 June to 3 July 2026, and (ii) undertaking personal tourism in Italy, Switzerland, Austria, the Czech Republic, and the Netherlands before and after the Berlin segment.

Purpose of travel

[SPONSOR COMPANY NAME] GmbH, a Berlin-based [INDUSTRY: e.g., software / education-technology] company, has invited me to participate in [BRIEF DESCRIPTION OF BUSINESS PURPOSE – e.g., a 5-day technical onboarding, product workshop, internal review meetings, and partner introductions] at their Berlin office. The formal invitation letter, signed by [HR / MANAGING DIRECTOR NAME, designation], is enclosed.

Sponsorship arrangement (full transparency)

The sponsorship is partial and clearly bounded. [SPONSOR COMPANY NAME] GmbH will cover, by direct payment to the providers:

- (a) my round-trip international flight from Delhi to Europe (Turkish Airlines, PNR TCA424; Delhi → Rome outbound, Amsterdam → Delhi return);
- (b) 5 nights of accommodation in Berlin (28 June – 3 July 2026); and
- (c) any costs related to the business meetings/events during those 5 days in Berlin.

All other expenses – accommodation outside Berlin, all internal European transportation (trains, buses), all food, sightseeing, tourism, and personal shopping – are self-funded from my personal savings as evidenced by the 6 months of bank statements enclosed at Tab [7].

Travel duration and route

I will arrive at Rome-Fiumicino on 16 June 2026, travel through Italy, Switzerland, Austria, and the Czech Republic for personal tourism (16 – 28 June), conduct the sponsored business engagement in Berlin (28 June – 3 July), and then travel to the Netherlands (3 – 6 July) before departing Amsterdam-Schiphol on 6 July 2026 (arriving Delhi 7 July). Total stay in the Schengen Area: 21 days, well within the 90/180 limit.

Intent to return to Nepal

I have firm and verifiable ties to Nepal that make my return certain:

- Continuous employment with [EMPLOYER NAME] since [JOINING DATE], position [TITLE], with approved leave from [START] to [END] and a confirmed return to work on [DATE] – see employment and leave letters at Tabs [16] and [17].
- [Dependents – e.g., spouse, two children, elderly parents] residing in Nepal under my care.
- Property ownership in [DISTRICT] – see lalpurja at Tab [23].
- Active income tax filings with the Inland Revenue Department – Tab [20].

Financial clarification

My personal balance as of [DATE] is NPR [AMOUNT] (~ EUR [AMOUNT]), with regular monthly salary credits of NPR [AMOUNT] from [EMPLOYER]. The estimated personal out-of-pocket cost of the 16 non-sponsored days is approximately EUR [AMOUNT] – see the trip budget at Tab [7.6]. My personal funds exceed this estimate by a margin of [X]×.

Summary of attached documents

A complete, tabbed index of the 25 enclosed documents is at page 2 of this file. The folder is ordered for the visa officer's convenience: identity → sponsorship → itinerary → bookings → financials → ties to home country.

I have read the Schengen Visa Code and confirm that I will fully comply with all conditions of stay, will not undertake any unauthorised employment, will hold valid travel medical insurance throughout, and will leave the Schengen Area on or before 6 July 2026.

I respectfully request the issuance of a Schengen short-stay visa valid 16 June – 6 July 2026, single entry.

Thank you for your time and consideration.

Sincerely,

[COMPANY STAMP / SEAL]

3.1 Mandatory elements the visa officer will check

- ☐ **Original letterhead**, not a Word reproduction
- ☐ **Wet-ink signature** (blue ink preferred so it's visibly not photocopied)
- ☐ **Company stamp / seal** overlapping the signature
- ☐ **HRB number** present and verifiable on handelsregister.de
- ☐ **VAT ID** present and verifiable on the EU VIES portal
- ☐ **German postal address** (not a virtual office / coworking address if avoidable)
- ☐ **Signatory's direct phone & email** (not a generic info@ address)
- ☐ **Dates of invitation exactly match the visa application dates**
- ☐ **Bounded sponsorship language** — *what is and is not covered*
- ☐ **Reference to PNR / flight numbers / fare** ties this letter to the flight booking

3.2 If the sponsor has filed a Verpflichtungserklärung

A formal *Verpflichtungserklärung* (Formal Obligation under §§ 66–68 AufenthG) issued by the local *Ausländerbehörde* in Berlin **strengthens** an invitation letter substantially. It is **not always required** for a private/partial business invitation but is **strongly recommended** when:

- The sponsor is small/medium and the applicant has limited travel history; or
- The sponsorship covers >50% of the trip cost; or
- The applicant is from a country with high refusal-rate statistics (Nepal currently mid-range).

4. DETAILED DAY-BY-DAY ITINERARY

Print as a single PDF on A4, landscape preferred. Header on every page: applicant name + passport number. Footer: page X of Y. Signed and dated on the final page.

Reservations not yet booked at submission may be presented as **provisional schedules** with the operator's website printout, *as long as the dates and routes match the itinerary exactly*. Trenitalia / SBB / ÖBB / Regiojet allow ≥1-month advance booking; book before the embassy appointment if at all possible.

- **FCO (16 Jun, 14:10):** Terminal 3, Non-Schengen Arrivals. Immigration → baggage → Leonardo Express platform (15 min walk, signed).
- **AMS (6 Jul, departure 14:40):** Schengen Departures area (gates D / E). Arrive 11:30 (T-3h from town). Schiphol Plaza → Departures 3.

- **DEL (7 Jul, 04:50):** Terminal 3 International Arrivals.

6. ACCOMMODATION DOCUMENTATION

Rule: Every night between the first Schengen entry and the final Schengen exit must be covered by a confirmed booking. The visa officer will lay these out in chronological order and look for gaps. **Zero gaps allowed.**

6.3 Booking-confirmation requirements (every accommodation reservation must show)

- ☐ Guest's **full name** (as per passport)
- ☐ **Property name + full address** (street, postcode, city, country)
- ☐ **Check-in and check-out dates and times**
- ☐ **Booking / confirmation number**
- ☐ **Total amount paid** (or "paid" status indicator)
- ☐ **Cancellation policy** (free cancellation acceptable for visa stage)
- ☐ **Contact details** of property / host
- ☐ **Reservation issued from a verifiable platform** (Booking.com, Airbnb, Hotel website) — *not* a hand-typed PDF

Dummy bookings are a red flag. Free-cancellation bookings are acceptable; suspicious template PDFs are not. Use Booking.com's *Genius* free-cancellation tier and **do not cancel before the embassy decision**.

6.4 Address formatting (German Embassy expectation)

European postal format, one address per line:

Property name (if any)
Street name + house number
PLZ City
Country

Example: Pension Kreuzberg / Wienerstraße 17 / 10999 Berlin / Germany

7. FINANCIAL PROOF

Goal: prove that **the self-funded portion** of the trip is comfortably within the applicant's personal means, *independently* of the sponsor.

7.1 Personal bank statement (last 6 months)

- **Original**, bank-stamped on every page, account-holder name + account number visible.
- Covers **December 2025 – May 2026** for a 16 June 2026 application.
- Closing balance **on the day of statement** highlighted.
- Salary credits highlighted in **yellow**; large deposits highlighted in **green** (see 7.10).

7.2 Sponsor financial declaration

Provided by [SPONSOR COMPANY NAME] GmbH as part of the invitation packet. Should consist of:

- (a) Bank statement extract or solvency letter from the sponsor's bank;
- (b) Most recent annual filing (Jahresabschluss) or a confirmation of trading status;
- (c) A signed declaration that the company has the means to cover the sponsored items.

7.3 Salary slips (last 3 months)

- March, April, May 2026 — original or employer-stamped photocopies.
- Each slip shows: employer name, employee name, designation, joining date (or employee ID), gross + net pay, statutory deductions (PF, tax), and signature/stamp of the disbursing officer.

7.4 Tax documents

- **Latest filed Income Tax Return (ITR / IRD acknowledgement)** — fiscal year 2081/82 BS (2024/25 AD) at the time of writing.
- Tax clearance certificate (if available) — optional but very positive.

7.5 Income explanation (insert a short paragraph in the cover letter or at Tab 19)

"My monthly gross income from [Employer] is NPR [amount] . Net deposit to my salary account is NPR [amount] on or about the [date] th of each month, as reflected in my bank statement at Tab 19 (highlighted in yellow). Additional income from [freelance / rental / dividends – only if applicable] averages NPR [amount] per month, also reflected in the same statement."

7.6 Expense allocation & trip budget table

Submit as a one-page A4 table at Tab 13.bis or attached to the cover letter.

COST CATEGORY	SPONSORED BY SPONSOR	SELF-FUNDED (PERSONAL)	NOTES
International round-trip flight (Delhi ↔ Europe)	EUR 3,826.59 (total, paid)	—	Turkish Airlines PNR TCA424
Accommodation — Berlin (5 nights)	EUR [~600–1,500] (paid)	—	Sponsored hotel/apartment
Accommodation — Rome / Como / Lucerne / Bern / Lauterach / Salzburg / Vienna / Prague / Alkmaar (15 nights)	—	EUR [~1,500–2,200]	Airbnb / Booking.com
Internal trains + buses (12 segments)	—	EUR [~600–900]	Trenitalia, SBB, ÖBB, Regiojet, FlixBus
Food & meals (~21 days × EUR 30)	—	EUR [~600]	Mid-range, mostly self-catering

COST CATEGORY	SPONSORED BY SPONSOR	SELF-FUNDED (PERSONAL)	NOTES
Sightseeing tickets (Colosseum, Vatican, Belvedere, Schafbergbahn, Hallstatt, museums)	—	EUR [~250–400]	Itemised at Tab 12
City transit (metro / bus / tram passes)	—	EUR [~120]	~EUR 6/day average outside Berlin
Travel medical insurance (21 days, EUR 30k+)	—	EUR [~40–80]	Tab 15
Visa fees + VFS + biometrics	—	EUR [~85]	Already paid
Contingency / personal shopping	—	EUR [~300–500]	Margin of safety
TOTAL TRIP COST	EUR [~4,500–5,500]	EUR [~3,500–5,000]	
Self-funded total in NPR (at NPR ~140/EUR)	—	≈ NPR [~500,000–700,000]	Per Tab 19 personal balance

7.7 Currency conversion

- Use the **latest Nepal Rastra Bank reference rate** for NPR → EUR (currently ≈ NPR 140 per EUR).
- Show one line at the top of the budget: *"Conversions at NRB reference rate of [DD Month YYYY] : 1 EUR = NPR [XXX] ."*

7.8 Minimum recommended balance

TRIP PROFILE	RECOMMENDED PERSONAL CLOSING BALANCE
Sponsored business-only, ≤ 7 days	NPR 200,000 – 300,000
Sponsored + 1 country tourism, ≤ 14 days	NPR 400,000 – 600,000
This trip — sponsored 5 nights + 16 days self-funded tourism across 6 countries	NPR 700,000 – 1,000,000 (≈ EUR 5,000 – 7,000), minimum

Holding **EUR 70–100 per self-funded day** in liquid balance is the working rule. For 16 self-funded days, that's a **minimum effective balance of EUR 1,200–1,600 after you remove the funds already earmarked for flights/accommodation**. In practice, target **NPR 700,000+** to be safely above scrutiny.

7.9 Foreign exchange endorsement (Nepal-specific)

- Most Nepali applicants exchange USD/EUR through commercial banks (Nabil, Standard Chartered, Himalayan, NIC Asia). Carry the **stamped FX endorsement on your passport's last page** before the embassy appointment if possible — it is *not* mandatory at the visa stage but is *strongly positive* signal of legitimate trip-funding readiness.

7.10 Large-transaction explanation block (use one row per anomaly)

Annotate any single deposit greater than NPR 100,000 in the past 6 months. Visa officers flag unexplained large deposits as a possible "balance dressing" concern.			
DATE	AMOUNT (NPR)	SOURCE	SUPPORTING DOCUMENT AT TAB
[DD Mon YYYY]	[1,50,000]	Annual bonus from [Employer]	[19a] — bonus letter
[DD Mon YYYY]	[3,00,000]	Refund of fixed deposit [FD-####] matured at [Bank]	[19b] — FD closure receipt
[DD Mon YYYY]	[2,00,000]	Personal savings transfer from [other account]	[19c] — counterparty statement
If any such deposit cannot be plausibly explained, leave it out of the highlighted balance rather than invite a question you cannot answer.			

8. EMPLOYMENT / BUSINESS PROOF

8.1 Employment verification letter — template (issued by employer)

On [EMPLOYER] letterhead, addressed to the German Embassy, signed by HR Head / Director, stamped.

[EMPLOYER LETTERHEAD]

Date: [DD Month YYYY]

To
The Visa Officer
Embassy of the Federal Republic of Germany, Kathmandu

Subject: Employment Confirmation for Mr./Ms. [APPLICANT NAME],
Passport No. [XXXXXXXX]

This is to confirm that Mr./Ms. [NAME] has been employed with
[EMPLOYER NAME] (PAN: [#], VAT: [#]) since [JOINING DATE] in the
position of [DESIGNATION], reporting to [SUPERVISOR / DEPARTMENT].
Current gross monthly salary: NPR [AMOUNT].
Current annual CTC: NPR [AMOUNT].

Mr./Ms. [NAME] has been granted approved leave from [START DATE] to
[END DATE] for the purpose of personal and business travel to the
Schengen Area, and is expected to resume duties on [RETURN-TO-WORK DATE].

The employment is full-time and permanent. The leave is paid / unpaid
as per company policy. The employee's position will be held throughout
the period of leave.

For verification, the embassy may contact:
[HR HEAD NAME], [DESIGNATION]
[Direct email] | [Direct phone] | [Company switchboard]

Yours sincerely,

[HR HEAD NAME / DIRECTOR NAME]
[DESIGNATION] | [COMPANY STAMP]

8.2 Separate leave-approval letter (template)

A second short letter — separate from 8.1 — explicitly approving the leave dates. Two letters > one combined, because they read as institutionally serious.

This is to confirm that Mr./Ms. [NAME], [DESIGNATION], has been granted
leave from [16 June 2026] to [10 July 2026] (inclusive). The employee
will return to duty on [13 July 2026].

[Signature, designation, stamp]

Buffer of 3–5 working days between the planned return (7 July) and the back-to-work date is normal and helpful — gives credibility that the applicant has planned for jet-lag and travel disruption.

8.3 Work-from-home / remote work clarification

If the applicant's role is remote / hybrid, include **one short paragraph** in the employment letter:

"Mr./Ms. [NAME]'s position permits remote working. During the leave period, the employee will be on approved leave and will not be performing work for [EMPLOYER]. Any communication during the leave period is for handover or emergency coordination only and does not constitute employment activity in the Schengen Area."

This pre-empts the "are you going to Europe to work remotely?" line of questioning.

8.4 Self-employed applicants (alternative to 8.1)

If the applicant is self-employed / business owner, replace 8.1 with:

- **Company registration certificate** (Office of the Company Registrar / OCR Nepal)
- **PAN / VAT certificate**
- **Tax clearance** (latest)

- **Recent bank statement of the business**
- **Self-declaration letter** on business letterhead stating: business address, nature of activity, year of incorporation, the applicant's role and equity, and that the business will continue uninterrupted (managed by [partner / employee]) during the trip
- **Affidavit / letter from a chartered accountant** affirming the above (optional, very positive)

8.5 If applicant is a contractor / freelancer

- Last 6 months of client invoices and matching bank credits
- One or two ongoing contract letters extending **beyond** the return date — proves continuity of livelihood in Nepal

9. TRAVEL INSURANCE

9.1 Schengen minimum requirements

REQUIREMENT	VALUE
Minimum medical coverage	EUR 30,000 (Schengen Code, Article 15)
Geographic scope	All Schengen states (must read "all Schengen countries" or list them)
Validity	From day of first entry to day of last exit — i.e., 16 June 2026 – 7 July 2026 inclusive
Cover for medical repatriation	Required — must include emergency medical evacuation and repatriation of remains
Cover for COVID-19 / pandemic treatment	Recommended (most modern policies include this by default)
Issuer	Insurance company authorised in the Schengen Area or a Nepali insurer whose policy is accepted by the German Embassy (e.g., Mountain Travel, Shikhar, Sagarmatha, Prabhu, Himalayan Everest)
Format	Certificate in English , on insurer letterhead, with policy number, named insured, dates, and limits

9.2 Required matching dates — verification

- **Insurance start date = 16 June 2026** (day of first Schengen entry — Rome FCO) ✓
- **Insurance end date ≥ 7 July 2026** (day of final Schengen exit + buffer) ✓
- Travel range covers **every** day of the visa validity, not just the sponsored portion

Buy insurance covering **one or two extra days** on each side. A policy that ends at midnight on 6 July is technically valid for a 06:00 departure but not for a 23:00 one — get the cleaner version.

9.3 Common rejection mistakes (insurance)

- ✗ Coverage **less than EUR 30,000** — automatic refusal
- ✗ Policy that excludes "tourism" or "leisure travel"
- ✗ Policy that only covers Germany (must cover **all** Schengen)
- ✗ Dates that don't cover the **first or last day** of the trip
- ✗ Insurer not licensed in any Schengen state and not on the embassy's accepted list
- ✗ Certificate in Nepali only — must be English (or English translation attached)
- ✗ Buying insurance *after* the embassy decision — too late if the officer asks for proof at decision time

9.4 Insurance documents to submit

- ☐ Original insurance certificate
- ☐ Photocopy at Tab 15
- ☐ Schedule of benefits (1-page summary acceptable; full T&C optional)

10. PERSONAL IDENTITY DOCUMENTS

10.1 Passport

REQUIREMENT	STATUS CHECK
Validity beyond return date	Must be valid through ≥ 6 October 2026 (return + 3 months). Ideal: ≥ 1 year remaining.
Blank pages	Minimum 2 blank facing pages for the visa sticker + entry/exit stamps
Issued within last 10 years	Passports older than 10 years on date of application are not accepted
Physical condition	Undamaged, no water/ink damage, no tampering
Machine-readable zone (MRZ)	Bottom of bio page must be intact and legible

Photocopy both the **bio page (front + back)** and **every page that has any visa, entry stamp, or exit stamp** — even if blank-looking pages are required to be photocopied in some sets, the embassy mainly cares about used pages.

10.2 Photo specifications (German embassy / Schengen biometric)

PARAMETER	REQUIREMENT
Size	35 × 45 mm (3.5 × 4.5 cm)
Face area	Face occupies 70–80% of the photo height (32–36 mm chin to crown)
Background	Plain white , evenly lit, no shadows
Expression	Neutral, mouth closed, both eyes open
Glasses	Avoid if possible; if worn, must be transparent, no glare on lenses
Head covering	Only for religious reasons; full face must remain visible
Date	≤ 6 months old , current likeness
Print	Matte or glossy, professional photo studio (Kathmandu: any reputable studio knows the "Schengen biometric" spec)
Quantity	2 originals per applicant; keep 4–6 spares for emergencies

10.3 National ID, citizenship, PAN

- **Nagarikta (Citizenship Certificate)** — photocopy both sides; original carried to interview if requested
- **National ID card** — if issued (rolling out across districts); photocopy front and back
- **PAN card** — photocopy
- **Driving licence** — optional but useful supplementary ID

10.4 Previous Schengen / other visas

- Photocopy **every** prior visa page (Schengen, UK, US, Australia, Japan, Korea, Canada, GCC)
- Photocopy **entry + exit stamps** that align with each visa
- If applicant has prior **clean Schengen travel** (entered and exited within validity), this is the **single strongest** soft signal of approval

10.5 Old / cancelled passports

- Original old passport(s) + photocopies of bio page and any visa/stamped pages
- Strengthens travel history and identity continuity

11. PROOF OF RETURN INTENT

The visa officer's primary unspoken question: *"Will this person leave the Schengen Area before the visa expires?"* Every document in this section answers **yes** with evidence.

11.1 Employment ties

- Employment + leave letters (Section 8)
- Employee ID card photocopy
- Pay slips showing **post-trip** salary will continue (salary structure / appointment letter date)
- Statutory contributions (PF / SSF / CIT) — printout of latest contribution statement showing ongoing membership

11.2 Family ties

- **Marriage certificate** (if married) + spouse's citizenship/employment letter (if spouse staying in Nepal)
- **Birth certificates of dependent children** — minor children remaining in Nepal under guardianship
- **Family relation certificate** (Ward Office) — useful for parents/siblings
- School-enrollment letter for school-age children remaining in Nepal

11.3 Property ownership

- **Lalpurja (land ownership certificate)** — photocopy, both sides
- **Building permit / house tax receipt** if home-owner
- **Rent agreement (as landlord)** if applicable
- Property valuation document — optional but very positive

11.4 Ongoing responsibilities

- **Loan documentation** in Nepal (home loan, vehicle loan) — surprisingly positive: proves financial obligation tied to the country
- **Insurance policies** in Nepal (life, vehicle, health) — annual premiums
- **Vehicle registration (Bluebook)** — proof of asset in Nepal

11.5 Business ownership (if applicable)

- Company registration, PAN, VAT
- Lease / ownership of business premises
- Recent business account statement
- Employee payroll register (proves staff dependent on applicant's return)

11.6 Future commitments

- Event/conference attendance after return (registration confirmation)
- Wedding / family-function invitation falling after return
- Children's school admission letters for the next academic session
- Medical appointment letters scheduled post-return

11.7 Financial ties to home country

- Fixed deposits / mutual funds / Citizen Investment Trust statements
- Pension scheme membership (CIT / SSF / EPF)
- Real estate investments

12. EMBASSY INTERVIEW PREPARATION

Not every applicant is interviewed. When called, interviews last **5–15 minutes**, conducted in English (Nepali sometimes accepted). Answer **concisely and consistently** with the documents. **The single most common rejection trigger is inconsistency between the cover letter and the spoken answers.**

12.1 Likely questions — with model short answers

#	QUESTION	ANSWER FRAMEWORK (≤ 30 SECONDS)
1	Why are you visiting Germany?	"I have been invited by [SPONSOR COMPANY] GmbH in Berlin for a 5-day business engagement from 28 June to 3 July 2026. Before and after the Berlin segment, I am travelling as a tourist through Italy, Switzerland, Austria, Czech Republic, and the Netherlands."
2	Who is sponsoring the trip?	"[SPONSOR COMPANY] GmbH is sponsoring my international flight and the 5 nights in Berlin only. All other expenses are self-funded from my personal savings."
3	Why is the company sponsoring only part of the stay?	"The sponsorship covers only the period during which I am at their office. The pre- and post-Berlin tourism is personal and unrelated to the business visit, so I am funding that myself."
4	What will you do after the sponsored days?	"I will travel from Berlin to Amsterdam by overnight FlixBus on 3 July, spend two nights in Alkmaar near Amsterdam, and fly back to Delhi from Schiphol on 6 July."

#	QUESTION	ANSWER FRAMEWORK (≤ 30 SECONDS)
5	How will you fund the remaining trip?	"From my personal savings. My current bank balance is NPR [amount] , and my estimated self-funded cost is EUR [amount] — see Tab 19 of the file."
6	What is your employment situation?	"I am [designation] at [employer] , employed since [year] . My monthly net salary is NPR [amount] . I have approved leave from [start] to [end] and resume work on [return] ."
7	Why will you return to Nepal?	"My family, my full-time job, and my property are in Nepal. My role does not transfer abroad; my children/spouse/parents are here; my house and savings are here. I am taking 3 weeks of leave, not relocating."
8	Have you travelled internationally before?	"Yes — [list prior visas honestly: India / UAE / Thailand / Malaysia / Schengen / UK / etc.] ." (If no prior international travel: say so plainly and pivot to the strong sponsor and strong financial documents.)
9	What is your relationship with the inviting company?	" [Honest, concise. E.g., 'I am a remote contributor / contracted developer / prospective collaborator. We have worked together since [year] on [project] . This visit is for on-site [onboarding / workshop / annual planning] .'] "
10	Why did you choose Germany?	"The sponsoring company is in Berlin — the business purpose determined the choice. Germany is also my country of longest stay (5 nights), so this is the correct embassy for the application."
11	What cities will you visit?	"Rome, Lake Como, Lucerne, Bern, Lauterach (Bregenz region), Salzburg, Vienna, Prague, Berlin, Amsterdam, and Alkmaar."
12	Where will you stay?	"Airbnb apartments in eight cities, the sponsor's chosen accommodation in Berlin, and one overnight FlixBus segment. All confirmed bookings are at Tab 13."
13	How much money are you carrying?	"I plan to carry EUR [400–600] in cash plus my Wise multi-currency card with EUR/CHF/CZK pre-loaded. The Wise statement is at Tab 19."
14	Who prepared your itinerary?	"I prepared it myself, with [help from [organisier name / trip-planning tool / travel agent]] . Each booking is in my own name."
15	What is your monthly income?	"NPR [gross] / [net] per month, reflected in the 6-month bank statement at Tab 19 (salary credits highlighted yellow)."
16	Why are there large transactions in your bank account?	"On [date] I received NPR [amount] from [source] — the supporting document is at Tab 19a." (Refer to Section 7.10 of this package.)
17	What do you do remotely / will you work in Europe?	"I will not be working during the trip. I am on approved leave. My role permits remote work in Nepal but I will not perform work duties in the Schengen Area, except handover communications."
18	Who will cover emergency expenses?	"My travel medical insurance (Tab 15) covers EUR [30k+] for the full trip. Beyond that, my personal savings of NPR [amount] and my Wise card cover any contingency."
19	What happens if your plans change?	"If the business segment shortens, I will return earlier and notify the embassy. If something prevents travel altogether, I will request cancellation of the visa or simply not use it. I have no intention of overstaying or changing the purpose of stay."
20	Why should your visa be approved?	"I have a clear, bounded business invitation with a reputable Berlin sponsor; a complete, day-by-day, fully-booked itinerary; full travel insurance; sufficient personal funds; and strong, verifiable ties to Nepal in my employment, family, and property. I will leave the Schengen Area on 6 July 2026 as documented."

12.2 Interview do's and don'ts

✓ Speak in **complete sentences**. ✓ **Look at the officer**, not the floor. ✓ Match your spoken numbers **exactly** to the file. ✓ Say *"I don't know"* if you genuinely don't, then offer to follow up. ✗ Don't volunteer unsolicited information. ✗ Don't say *"if you give me the visa I will..."* — sound certain, not pleading. ✗ Don't badmouth Nepal ("there are no jobs here"). ✗ Don't joke about overstaying.

13. RISK ANALYSIS & REJECTION PREVENTION

13.1 Common rejection reasons (Schengen Code Annex VI codes)

CODE	REASON	HOW THIS PACKAGE HANDLES IT
1	False / counterfeit travel document	Original passport, no tampering — N/A
2	Purpose of stay not justified	Bounded invitation letter + itinerary + business activity list (Section 3, 4)

CODE	REASON	HOW THIS PACKAGE HANDLES IT
3	No proof of accommodation	11 accommodation confirmations covering every night (Section 6)
4	No proof of means of subsistence	Bank statement + budget table + sponsor declaration (Section 7)
5	Already 90 days in current 180	Verify in passport stamps before applying
6	SIS alert against applicant	N/A unless applicable
7	Considered threat to public policy / security	N/A unless applicable
8	No travel medical insurance	Insurance covering EUR 30k+, all Schengen, 21 days (Section 9)
9	Information on purpose unreliable	Documents and answers must be consistent (this is the #1 real-world reason)
10	Intention to leave before visa expiry not established	Return-intent file (Section 11)

13.2 Red flags to actively neutralise

- ▶ **Sponsorship-balance mismatch** — sponsor declares to pay X, but applicant's funds are too low for the remainder → **fixed by the budget table at 7.6**
- ▶ **Dummy / suspiciously-perfect bookings** — only Booking.com / Airbnb genuine reservations, with cancellation policies stated → **see 6.3**
- ▶ **One large unexplained deposit** appearing 1–4 weeks before submission → **explained at 7.10 or removed**
- ▶ **Insurance dates not aligned with travel dates** → **verified at 9.2**
- ▶ **Itinerary that doesn't match the flights** (e.g., flying to Rome but staying only in Berlin) → **resolved by the full Section 4 itinerary**
- ▶ **No prior international travel + thin financials** → **mitigated by strong sponsor letter + full ties evidence**
- ▶ **First-time applicant + self-employed + cash-business** → **mitigated by tax returns + CA letter + business registration**
- ▶ **Visa application country ≠ country of longest stay** → **resolved: Germany is longest stay**
- ▶ **Frequent corrections / cross-outs on the application form** — **fill VIDEX online, never hand-write**

13.3 Specific to mixed sponsorship + self-funded trips

The most common failure mode for this profile is **the visa officer assuming the sponsor is covering everything, then finding self-funded items underfunded**, or vice-versa. The cover letter (Section 2) and the budget table (Section 7.6) must **draw a clear boundary** between what is sponsored and what is self-funded — *the same boundary, with the same numbers, on both documents*. Inconsistency here = refusal under code 9.

13.4 Travel-history concerns

- **First-time Schengen applicant from Nepal:** statistically a softer profile. The sponsor letter and the well-bounded itinerary are the strongest mitigants.
- **Prior overstay or refusal anywhere:** must be disclosed truthfully on the VIDEX form. Concealment is automatic refusal under code 1.
- **Recent Schengen visa refused, then this application:** include the prior refusal letter and a short paragraph in the cover letter explaining what has changed since the refusal.

14. FINAL VERIFICATION CHECKLIST

Run this checklist **the evening before the appointment**, with all documents on a table. Tick each box only after you have *physically held* the document and verified the item.

15.3 Printing recommendations

- **A4, 80 gsm white paper**, single-sided
- **Black-and-white** for body text and forms
- **Colour** for: photos, the passport bio page photocopy, the visa stickers on prior passports, the citizenship certificate (showing official red ink), and any logo-heavy letterhead (sponsor invitation, employment letter)
- **No glossy paper**, no specialty stocks
- **Stapling**: light staple only on multi-page documents (e.g., a 4-page bank statement) — top-left corner. **Do not staple the entire file** — submit loose pages in tab order in a clear flat folder
- **Plastic folder**: one transparent A4 plastic L-folder, no binders, no clips, no ring-binding
- **Tab dividers**: small adhesive tab flags on the right margin of each section's first page; numbered 1–25 per Section 1.1
- **Page numbers**: *not required*, but a one-line footer on each page reading [Name] | Passport [#] | Page X of Y is **professional and appreciated**

15.4 Professional presentation standards

- One language per document; if originally Nepali, English translation behind it
- Times New Roman 11pt or Arial 10–11pt
- 1.15 or 1.2 line spacing
- 2.5 cm margins
- Date format: **DD Month YYYY** (e.g., 16 June 2026), avoid ambiguous DD/MM/YYYY vs MM/DD/YYYY
- All amounts in **two currencies** (NPR + EUR) where possible
- Consistent **applicant name spelling** — match the passport exactly across **every** document; mismatched middle names are a frequent rejection cause

MOST COMMONLY MISSED ITEMS

The list below comes from real Schengen-from-Nepal refusal patterns. Tick each one off the night before submission.

1. **English translations** of citizenship, lalpurja, marriage certificate, Ward Office letters
2. **Old passports** (if any) — applicants forget these because they "aren't valid"; the embassy wants the travel history
3. **Both sides** of citizenship, PAN, driving licence photocopies (only one side submitted is a routine mistake)
4. **Bank stamp on every page** of the bank statement, not just the cover
5. **Salary slips for last 3 months** (applicants often submit only the latest)
6. **Tax return (ITR / IRD)** — frequently forgotten by salaried applicants who think the employment letter is enough

7. **Insurance dates exactly aligned** with travel dates (and ideally +1 day buffer on each side)
 8. **Sponsor's company-registration extract (HRB)** — applicants often have the invitation letter but not the registration
 9. **Sponsor payment proof for the flight** — the e-ticket alone doesn't prove the *sponsor* paid; include the invoice / receipt
 10. **Day-by-day itinerary signed by the applicant** — unsigned itineraries are routinely rejected as "informational only"
 11. **Photo specifications** — Schengen biometric, not standard passport-photo; check at a known studio
 12. **Leave letter separate from the employment letter** — two letters look more institutional
 13. **Relationship proof** if traveling with family / when family is staying behind (birth certificate / family relation certificate from Ward Office)
 14. **Foreign exchange endorsement / Wise statement** as proof of how funds will be carried
 15. **A clear sponsor / self-funded boundary** in the cover letter (the single most-missed *narrative* item)
-

HIGH-RISK MISTAKES

Avoid these — each one has caused refusals on otherwise-strong files:

1. **Submitting dummy / template hotel bookings** that don't appear on Booking.com or Airbnb when verified. The embassy spot-checks.
 2. **Cancelling free-cancellation accommodations before the decision.** Some applicants cancel after submission — the embassy verifies again before stamping.
 3. **Sponsor letter without a stamp / HRB number / VAT ID** — looks improvised.
 4. **Insurance that ends on the return date at 00:00** — a 22:00 departure that day is uncovered. Buy +1 day on each side.
 5. **Bank statement showing a sudden NPR 5–10 lakh inflow** 1–4 weeks before submission, unexplained. Reads as balance-dressing.
 6. **Itinerary mismatch with flights** — e.g., flying into Rome but the cover letter says "arriving in Munich".
 7. **Names spelled differently** across passport, bank statement, employment letter, and bookings (middle name truncations, transliteration variants).
 8. **Photo older than 6 months** or not biometric — re-take it the week of submission.
 9. **Visa application country wrong** — applying in Italy because the first entry is Rome, when Berlin is the longest stay. Officer can refuse for jurisdiction alone (code "not the main destination").
 10. **Concealing a prior visa refusal anywhere in the world** — VINDEX asks; if you lie, automatic refusal under fraud.
 11. **Listing remote-work intent in cover letter** — even casually mentioning "I will continue some work remotely" can be read as undeclared employment in the Schengen Area. Frame it correctly per Section 8.3.
 12. **No buffer day** between return and back-to-work date — looks rushed and unrealistic.
 13. **Sponsor letter dated more than 90 days before submission** — outdated. Get it re-issued.
 14. **Forgetting to include passport photocopies of the sponsor's signatory** — increasingly requested; pre-empt it by attaching the signatory's business-card scan or LinkedIn URL printout.
 15. **Submitting the file in a binder/folder the embassy will discard** — loose A4 in a transparent flat folder is what they want.

DOCUMENTS THAT STRONGLY IMPROVE APPROVAL CHANCES

In rough descending order of marginal impact for this profile (sponsored Berlin + self-funded multi-country tourism, Nepal-issued passport):

1. **Strong, specific sponsor letter** with HRB, VAT, signatory name + direct contact, and a clearly bounded sponsorship clause
2. **Sponsor's bank statement extract / solvency proof** — confirms the sponsor can actually pay
3. **Sponsor's payment receipt for the Turkish Airlines fare (EUR 3,826.59 against PNR TCA424)**
4. **Prior clean Schengen / UK / US / Japan / Australia visa usage** — single biggest soft signal
5. **Personal bank balance ≥ NPR 700,000** with regular salary credits for 6 months
6. **Verpflichtungserklärung (formal § 66–68 obligation) from sponsor** — if the sponsor is willing to obtain it
7. **Employment letter + separate leave letter**, both on letterhead, both stamped, with HR's direct phone for verification
8. **Property ownership documents (lalpurja)** with English translation
9. **Last 3 ITR filings + tax clearance** — proves a stable taxpayer
10. **Insurance covering EUR 50,000+** (above the EUR 30,000 minimum) — small cost, strong signal
11. **Day-by-day itinerary with booking references on every line**
12. **Family-relation certificate from Ward Office** when traveling away from dependents
13. **Marriage certificate + spouse's employment letter** (if spouse remains in Nepal)
14. **A short letter from a chartered accountant** affirming the applicant's income and any business interests

QUESTIONS TO ASK BEFORE FINAL SUBMISSION

Run through this list with someone else (a family member, a colleague, anyone) reading the file *for the first time*. If they cannot answer a question from the file alone, the visa officer won't be able to either.

About the trip

- ☐ Can a stranger read the cover letter and immediately say *who* is sponsoring *what*?
- ☐ Does the itinerary cover **every** day from FCO arrival to AMS departure with no overnight gaps?
- ☐ Does the itinerary's "Activity" column match the *cities* — i.e., the Colosseum on the Rome day, the Schafbergbahn on the Salzburg day?
- ☐ Does the country of longest stay (Germany, 5 nights) match the embassy you're applying to?

About the sponsor

- ☐ Is the sponsor's HRB number verifiable on `handelsregister.de` *today*?
- ☐ Is the sponsor's VAT ID verifiable on the EU VIES portal *today*?
- ☐ Is there a real direct phone and email for the signatory (not just `info@`)?
- ☐ Does the sponsor's bounded sponsorship language **exactly** match the cover letter's sponsored/self-funded split?
- ☐ Is the sponsor letter ≤ 90 days old at the time of appointment?

About the flight

- ☐ Does the Turkish Airlines e-ticket exist in the airline's "Manage Booking" with PNR **TCA424**?
- ☐ Is there a separate payment receipt showing **the sponsor** as payer?
- ☐ Do the flight dates exactly match Itinerary Day 1 (16 Jun, FCO arr 14:10) and Day 21 (6 Jul, AMS dep 14:40)?

About accommodations

- ☐ Is **every** night between 16 Jun and 6 Jul covered?
- ☐ Does every booking show the applicant's name?
- ☐ Is the Berlin booking (28 Jun – 3 Jul) shown as paid by the sponsor?
- ☐ Are the Salzburg (22–24 Jun) and Berlin (28 Jun – 3 Jul) bookings *finalised* before submission? (*per the data extract, these two were pending*)

About finances

- ☐ Is the closing balance $\geq$ NPR 700,000?
- ☐ Are all salary credits highlighted?
- ☐ Is every deposit $>$ NPR 100,000 explained at Tab 19x?
- ☐ Does the budget table at 7.6 add up correctly?
- ☐ Are EUR and NPR conversions consistent at one stated rate?

About employment

- ☐ Are the employment letter, leave letter, and salary slips on the same letterhead with the same HR signatory?
- ☐ Does the leave end date include a buffer of ≥ 3 working days after the return flight?
- ☐ If you're remote/hybrid: does the employment letter include the "no work in Schengen" clause from Section 8.3?

About insurance

- ☐ Is the coverage $\geq$ **EUR 30,000**?
- ☐ Does it list **all Schengen countries** by name or say "all Schengen"?
- ☐ Does it cover **16 Jun – 7 Jul 2026** inclusive (with at least the 7 Jul return day)?
- ☐ Is the issuer's name on the embassy's accepted-insurer list?

About return intent

- ☐ Is there evidence of employment, family, property, *and* future commitments — at least three of those four?
- ☐ Is the property document (lalpurja) translated to English?

- ☐ Have you included old passports and prior visas?

About presentation

- ☐ Is every page in tab order per Section 1.1?
- ☐ Are the photos biometric, ≤ 6 months old, two per applicant?
- ☐ Has the application form (VIDEX) been filled online (not by hand) and signed on every page?
- ☐ Have you printed a **second complete photocopy set** to take with you on the trip?
- ☐ Are all signatures in **blue ink** to distinguish from photocopies?

Final sanity check

- ☐ If a stranger reads the cover letter, the itinerary, and the budget — and **only** those three documents — would they be convinced you will return to Nepal? If yes, you are ready to submit.

Document version: v1.0 — Template (pre-personal-data) **Generated against:** Trip data exported from the Jamnata trip-planner repo (PNR TCA424, 10-stop route, Berlin as sponsored segment). **Personal details:** Left as placeholders in `[SQUARE BRACKETS]` and ``[backticks]`` throughout — fill in once individual applicant data is finalised. **Recommended next step:** Duplicate this file *per applicant* (one folder per traveller), substitute placeholders, and run Section 14 the night before each appointment.
