Section C — Capacity analysis

C.1 — Your personal capacity

BANK BALANCE on [DD Month YYYY]: NPR [AMOUNT]
 EUR [AMOUNT]

YOUR ESTIMATED PERSONAL TRIP COST: EUR 2,400 – 2,700

COVERAGE RATIO (balance ÷ cost): ≈ [2.5 – 3] ×

INTERPRETATION

Your savings are approximately [2.5 – 3] × the estimated personal expenses for this 21-day trip. This demonstrates sufficient independent financial capacity outside the bounded sponsorship from eduneon GmbH.

ADDITIONAL INCOME (if applicable):

- [Freelance / rental / dividend income – list only what shows in the bank statement, with supporting documents at Tab 19 of the main file]

C.2 — Whole-trip sponsorship analysis (all 3 applicants combined)

Total trip cost for 3 applicants: EUR ≈ 12,691.96 – 13,891.96
Sponsor covers (≈ 63–69%): EUR 8,441.96 – 8,741.96

- Flights: EUR 3,826.59
- Berlin hotel: EUR 4,415.37
- Berlin business meals & transport: EUR 200 – 500

Self-funded total (3 pax combined): EUR ≈ 4,250 – 5,150
≈ EUR 1,400 – 1,720 per applicant in joint costs
(the per-applicant share already accounts for this split)

This split demonstrates:

1. **Legitimate, bounded business sponsorship** — flights + 5 nights + business meals only.
2. **Personal financial investment in the tourism segment** — the applicant remains responsible for all non-Berlin accommodation, transport, food, insurance, and visa costs.
3. **No hidden compensation, no undeclared work** — sponsor's contribution is itemised and capped.
4. **Genuine tourism beyond the business days** — 16 non-sponsored days across 8 cities, fully self-funded.

Section D — Currency reference

Nepal Rastra Bank reference rate, [DD Month YYYY]:

- 1 EUR = NPR [≈ 140]
- 1 CHF = NPR [≈ 150] (Switzerland is non-EU but Schengen)
- 1 CZK = NPR [≈ 5.8] (Czech Republic)

All foreign-currency figures in this document are stated in EUR with local-currency labels where the booking was originally priced in CHF or CZK. Conversions are indicative and rounded.
